DEVELOPMENT TECHNICAL CONSULTANTS PVT. LTD.

ISO 9001:2015 (QMS)

Development Technical Consultants Pvt. Ltd. (DTCL), Bangladesh, stands as a beacon of excellence in consultancy, underpinned by its **ISO 9001:2015** certification, symbolizing a commitment to unparalleled quality management since its inception in 2001. Recognized by the Office of the Registrar of Joint Stock Companies and Firms (**Reg. # C-69404 (1915)/07**), DTCL boasts over 25 years of unparalleled consultancy, training, and research expertise across multifaceted domains. Cementing its stature, DTCL is accredited by esteemed institutions such as the Asian Development Bank (ADB CMS No. 012563), the World Bank, and various governmental bodies.

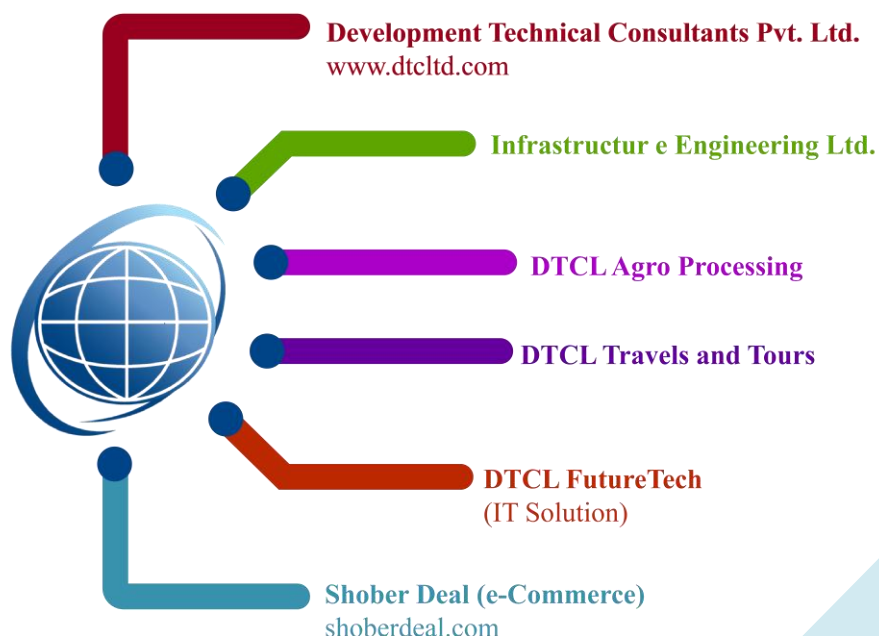

Bangladesh embarked on a journey to nurture indigenous expertise across diverse developmental arenas. The nation cultivated technical and managerial acumen through symbiotic collaborations and direct mentorship under expatriate tutelage. In response to this imperative, DTCL embarked on its journey in 2001, subsequently formalizing its status as a limited company under registration C-69404 (1915)/07 with the Office of the Registrar of Joint Stock Companies of Bangladesh. DTCL also registration in Nepal (**Reg. # 168338/73/074**).

Guided by the vision of elevating technical proficiency to global standards and fortifying Bangladesh's development endeavors, DTCL has evolved into a preeminent consulting powerhouse in Asia, operating as a dedicated professional entity since April 15, 2001.

Embarking on a trajectory of diversification, DTCL has metamorphosed into a conglomerate, the DTCL Group of Companies, poised to deliver an array of specialized services to our esteemed clientele.

DTCL GROUP

Vision

To establish itself as a premier center of excellence in the consultancy sector, renowned for delivering innovative, high-quality solutions and fostering long-term client relationships.

Mission

To provide exceptional consultancy services with innovative solutions that meet objectives.

STRENGTHS AND CAPABILITIES

The company has completed numerous projects across various fields, with some currently nearing completion. Among the completed projects are prestigious initiatives financed by the World Bank (WB), the Asian Development Bank (ADB), ODA, and other international organizations. These projects have been executed independently or in collaboration with local consultants and/or international firms.

To tackle specific challenging tasks, forming alliances with various consultancy services is often crucial. Therefore, we also offer our services as an associate to local and/or foreign consulting firms for high-technology projects. The firm strongly advocates for international collaboration that facilitates effective technology transfer.

Our services encompass all phases of the project cycle, from identification and definition through feasibility, planning, designing, and implementation, to management services and training. The major fields in which we provide consultancy services include Nepal, Bangladesh, Bhutan, Indonesia, Sri Lanka, and other Asian countries.
